Honorable Minister on the various issues that are pending with the Government / IBA and has sought urgent intervention by the Honorable Minister , so as to settle bipartite agreement, pending for more than two years. He also invited the attention of the House to the immense contribution made by public sector bank officers for mobilizing 11.50 crore accounts under "Jan Dhan Yojana" in shortest time & which was recorded by the Guinness Book of World Records.

**Shri Prakash Jawadekarji, Union Minister** for Environment, Forest & Climate Change, Chief Guest of the function, recalled his earlier association with Banking Industry and the active role played by him in the tribal area of Thane, Maharashtra as a Bank Person. He categorically stated that "Jan Dhan Yojana" is an extremely important stepping stone in Financial Inclusion & thereby PSBs have participated in Nation Building Process. He also emphasized the need for carrying forward the banking facilities to poor class and also extend a support to young enterpruners who are always loyal in repayment. There were thunderous applause when the Minister clearly stated that the officer community can not be held responsible for the mounting NPAs and the weak financials of PSBs are the result of failure of big ticket accounts. Simultaneously, he rightly stated that clean air / clean water and clean energy would ultimately result in "CLEAN INDIA & GREEN INDIA." He responded to the issues of Bank officers stating that he will actively involve in wage revision process & the meaningful result will be there by the end of February 2015.

**Mr. Harvinder Singh, G.S. AIBOC**, in his key note address briefed organizational stand on several issues before the officers community of PSBs. While throwing light on wage revision, he informed that entire officer community have felt insult inflicted by IBA, Government and Finance Ministry by delaying the Wage Revision even after 15 rounds of discussions. He categorically mentioned that when the PSBs are required to fulfill social objectives which are imposed by Government, profitability should not be criteria for discussions. Even accepting profit as criterion, out of Rs. 36000 crores profit the additional impact of 10000 crores towards wage revision is most reasonable expectation. He stressed that it is primary responsibility of each one of us to play an active pivotal role against the challenges of merger, private sector banks, new licenses for opening banks, unlimited duty hours coupled with mounting NPAs & willful defaulters. The four days strike declared by UFBU has been kept on hold & shall be effected if Government does not amicably solve the issue. He appealed new generation officers to refer the website of AIBOC instead of believing on unauthentic messages spread by mischievous persons. He further appealed that in the absence of legal cover, unity & solidarity by showing our collective demonstrations will be the tools to get reasonable hike in the offer made by IBA. Apart from wage revision, AIBOC is serious about regulated working hours and five days week. Despite all the negative factors, he assured the gathering that there will be either respectable wage deal or further intensified action on our own & under the banner of AIBOC.

**Mr. R.C. Agarwal, Ex President AIBOC, Ex General Secretary AICBOF**, shared his rich experience in the industry by quoting various tricky incidences. He highlighted the difficult working conditions of the officers and frequent denial of several legitimate demands. The strike can not be legal & united we stand is the only weapon to achieve the goals. He touched the challenges that are ahead of the federation as the reforms in the banking industry needs to be fought.

In the midst of the inaugural session, the leadership of the Federation honoured all the past General Secretaries of the affiliate units as a token of love & affection for their valuable contributions to the trade union movement. It was a emotional moment for every one present in the hall to see former veteran leaders being adorned. A brief resume about the contributions made by these earlier generation stalwarts for the success of the trade union movement in our Bank was respected by the new generation officers . Mr. Lahane , Ex General Secretary Nagpur, while expressing his thanks on behalf of the veteran leaders honored on the occasion of Golden Jubilee, made a spirited appeal to fight injustice and atrocities inflicted on our membership by the management. Shri Lahane has rightly responded that "WE HAVE RESPONSIBILITY TO PRESERVE AND PROTECT UNITY FOR GREATER ACHIVEMENTS IN THE FUTURE"

Mr. A.K.Kansal, G.S.Delhi, proposed vote of thanks & the function concluded with National Anthem.

The inaugural session was concluded with a wonderful cultural programme by "Omkarshri", a renowned group who regaled the audience with their golden melodies.

On the 1st February 2015, at 10.30 a.m. Shri S.C.Gupta, the President of Federation took the chair and advised to initiate the business session. In his opening speech he drew the attention of Delegates & Observers to the challenges that are
